

INCOME DISCLOSURE STATEMENT

The SNiP Nutrigenomics Commission Program is an exciting opportunity that rewards you for selling products and services and referring other participants who do the same. Although the opportunity is unlimited, individual results will vary depending on commitment levels and sales skills of each participant. Since SNiP Nutrigenomics has recently launched, it lacks enough statistical data to prepare reliable income disclosures. There will be certain participants who will earn less while others will earn much more. We're excited about the SNiP Nutrigenomics Commission Program and we're confident it will provide you with a solid foundation to help you achieve your financial goals. As with all endeavors, hard work and the time you dedicate impact outcomes.

If income projections were presented to you prior to your enrollment, such projections are not necessarily representative of the income, if any, that you can earn through your participation in the Commission Program. These income projections should not be considered as guarantees or projections of your actual earnings or profits. Success with SNiP Nutrigenomics results only from hard work, dedication, and leadership.
